Brighton Marathon Volunteer Photographer

About Teenage Cancer Trust:
We make sure young people don’t face cancer alone. We do it by helping young people and their families deal with the many ways that cancer can affect your body, your mind and your life. We do it in partnership with the NHS and by bringing young people together so they can support each other. And we do it from the moment cancer is diagnosed until long after treatment is over, but we can’t do it alone...we need your help!

At a glance:
We’re incredibly lucky to have amazing supporters doing amazing things to raise money to support our work. At the Brighton Marathon this year, we want to give supporters the best possible experience, and that includes capturing the special moments of the day, and that’s where you come in!
