

Product Tester (parents of teenagers) Volunteer role description

About Teenage Cancer Trust:

We make sure young people don't face cancer alone. We do it by helping young people and their families deal with the many ways that cancer can affect your body, your mind and your life. We do it in partnership with the NHS and by bringing young people together so they can support each other. And we do it from the moment cancer is diagnosed until long after treatment is over.

At a glance:

We're looking for **parents of teenagers** to give us valuable feedback on new fundraising ideas so we can support more young people with cancer. All we need from you is honest feedback and a few suggestions over an informal conversation. No prior knowledge of the charity or our work is required.

Right now, for every young person we reach, there's another we can't, and your feedback, insight and time will really help us to change that.

When: Tuesday 17th PM or Thursday 19th AM September

Time Commitment: One hour

Location: Central London

Point of contact on the day: Harry Geerts, Mass Participants Events Executive

How to apply: Please email volunteers@teenagecancertrust.org if you're interested and specify what time on the 19th September would work best for you and the ages of your teens.
